Debt management

Reduce floating rate debt and interest cost

- Fully repaid RCF with proceeds from Angel Gate
- Disciplined cash management to minimise drawdowns whilst interest rates remain high

Portfolio reinvestment

Investing in existing portfolio to unlock reversion and maximise capital return

- Improving environmental credentials and progressing net zero pathway
- Aligning investment to lease events

Investment opportunities

Assets with return profile accretive to earnings

- Greater volume of opportunities
- Focus on markets with limited supply of good quality space
- Potential to improve income from low value base

Office assets being repositioned for alternative use and held for sale

Market update

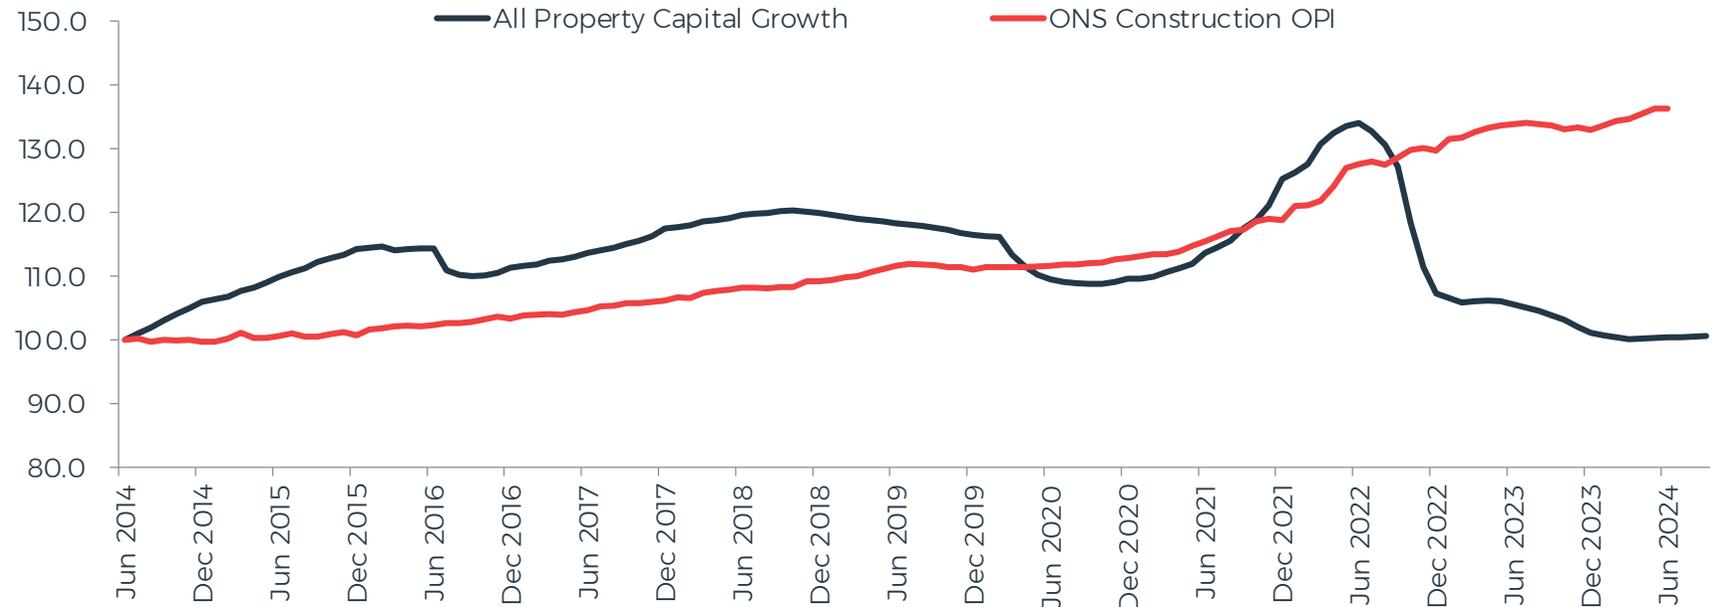

Market backdrop

Repricing creates further disconnect with cost of construction

- All Property capital values flat vs 2014 (industrial +82%, office -18%, retail -35%)
- Recent market activity supporting stabilisation in values, post 2022 correction
- Future development likely to be constrained
- Upward pressure on rents to make schemes viable
- Providing space that occupiers want is key

Rising cost of construction vs commercial property values

Portfolio composition

Proactively adapting the portfolio over property cycles

- Our diversified approach enables us to pivot the portfolio to adapt to underlying market conditions
- Since launch we have increased exposure to the industrial sector and reduced exposure to retail and, more recently, offices

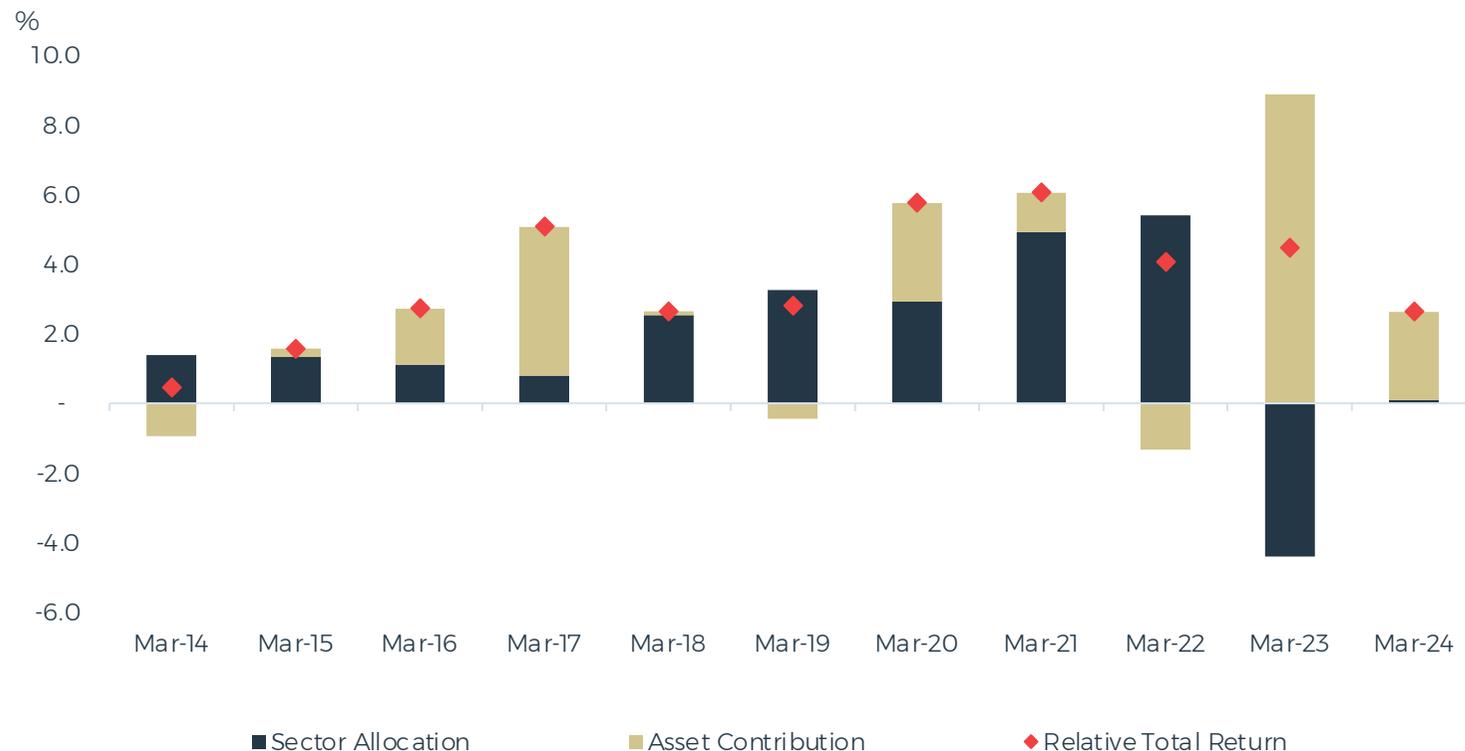

Sector allocation

Importance of both sector allocation and asset contribution

Drivers of our relative outperformance

- Upper quartile outperformance of MSCI UK Quarterly Property Index since launch in 2005
- 11 consecutive years of outperformance
- MSCI provides attribution analysis showing the components of relative total return
- 10 out of 11 years - positive sector allocation score
- 8 out of 11 years - positive asset contribution score

Portfolio activity

Improved occupancy and rental growth despite macro uncertainty

- Like-for-like portfolio valuation increase of 0.8% reflecting stabilising property valuations and investment into the portfolio
- Like-for-like increases in contracted rent of 1.0% and ERV growth of 1.6%

Created through 38 active management transactions:

12 lettings / agreements to lease

Secured £1.6 million per annum, 9% above the March 2024 ERV

16 lease renewals / regears

Retained £3.7 million per annum, 7% above the March 2024 ERV and a 14% uplift vs previous rent

6 rent reviews

Secured an uplift of £0.3 million per annum, 9% above the March 2024 ERV
